A man with a beard, wearing a blue work shirt, is leaning over the hood of a silver car in a garage. He is looking down at the car with a focused expression. The background is a blurred garage setting with a red pillar and a clock on the wall. The overall scene is brightly lit, suggesting a professional automotive repair environment.

AN ENLYTE COMPANY

Mitchell Cloud Glass™

Streamline Management of Your Glass Repair Business

Schedule jobs, generate invoices, view OEM repair procedures and track performance—all from one web-based, point-of-sale solution.

The Next Step in Glass Repair

Mitchell Cloud Glass provides access to the tools you need to cost-effectively manage glass repair and replacement from anywhere and with any Internet-enabled device.

Repairs Procedures at Your Finger Tips

Integrated repair procedures provide detailed OEM service information including windshield replacement instructions, tools and recommended materials from the manufacturer.

Access to NAGS Database

With Mitchell Cloud Glass, you receive complete access to Mitchell's industry-standard National Auto Glass Specifications (NAGS) data, which provides insight into OEM, aftermarket and interchange auto glass parts, installation materials, labor and benchmark pricing.

Easily Decode VIN

Use the VIN Decoder to do a quick lookup on the year, make and model of vehicles.

Ensure Proper & Safe Repair with AGRSS Safety Requirement

Reference and record important Automotive Glass Replacement Safety Standard (AGRSS) requirements.

Simplify Business Operations

Let Mitchell Cloud Glass help you create invoices, schedule jobs, process work orders and submit invoices for payment to your insurance partners.

Manage Invoices & Track Performance Online

With all transaction history stored in the cloud, you can easily search for and manage invoices from anywhere. Mitchell Cloud Glass also makes performance tracking and reporting simple with robust custom reporting capabilities.

Grow Your Business Seamlessly

The system's multi-user login capabilities and multi-shop dashboards allow you to monitor your business.

EDI Capability

Submit your invoices electronically for quick and easy payments.

Look up NAGS, OEM and aftermarket parts information.

Create quotes, work orders and invoices all in one place.

Access single or multi-shop dashboards.

Mitchell Cloud Glass™

Use Mitchell's extensive vehicle information repository to extract the essential data needed to support proper and safe repair.

OEM glass repair procedures at your fingertips.

Mitchell NAGS™

Mitchell has its roots in data and technology. We wholly own National Auto Glass Specifications (NAGS), the only provider of aftermarket glass parts, installation materials, labor and benchmark pricing. As publisher and distributor of NAGS data, our vested interest comes from accurately deriving the price of aftermarket glass, with no incentive to see that price rise or fall.

Keeping with our core competency, Mitchell and NAGS are uniquely positioned as the most efficient providers of both the NAGS database and the technology platform necessary to deliver that data. Mitchell eliminates the need for carriers to implement the database into third-party systems by releasing updates as they are available.

With our deep data repository of historical information, Mitchell can provide analytical and benchmarking services that enable you to fully understand what is happening in your business relative to the market.

The screenshot displays the Mitchell Cloud Glass web application interface. At the top, there is a navigation bar with the logo and user information: '6254Admin | NAGS_TESTS.DEV1 | 4569 MISSION GORGE PLACE SAN DIEGO, CA 92120'. Below the navigation bar are two main sections:
